

Employee Change of Address or Contact information

During District Closure

It is important for Alief ISD to have the correct address and contact information on file for each employee so the information can be relayed to the employee in a timely manner.

Employees can update their home address and emergency information through Employee Online (Office Staff).

If you do not have access to Employee Online and you need assistance with updating your address or contact information, please contact the Human Resources Records Specialist.

To verify your identity, you will need to include a picture of your Texas Drivers License or your district issued identification card. It may help if you also indicate that you work for Transportation.

Requests can be emailed to:
