

HUMAN SERVICES

Principles of Human Services

Prerequisite: Grades: 9-10

Credit: One (state)

Principles of Human Services is a laboratory course that will enable students to investigate careers in the Human Services Career Cluster, including counseling and mental health, early childhood development, family and community, personal care, and consumer services. Each student is expected to complete the knowledge and skills essential for success in high-skill, high-wage, or high-demand human services careers

Child Development

Prerequisite: A. Grade: 10-11

Credit: One (state)

B. Principles of Human Services

Child Development is a technical laboratory course that addresses knowledge and skills related to child growth and development from prenatal through school-age children, equipping students with child development skills. Students use these skills to promote the well-being and healthy development of children and investigate careers related to the care and education of children.

Child Guidance

Prerequisite: A. Grades: 10-12

Credit: Two (state)

B. Principles of Human Services and or Child Development

Child Guidance is a technical laboratory course that addresses the knowledge and skills related to child growth and guidance equipping students to develop positive relationships with children and effective caregiver skills. Students use these skills to promote the well-being and healthy development of children, strengthen a culturally diverse society, and pursue careers related to the care, guidance, and education of children, including those with special needs. Instruction may be delivered through school-based laboratory training or through work-based delivery arrangements such as cooperative education, mentoring, and job shadowing.

Practicum in Human Services

Prerequisite: Grades 11-12 (List Driven – Limited Enrollment)

Credit: Two (state)

Practicum in Human Services provides background knowledge and occupation-specific training that focuses on the development of consumer services, early childhood development and services, counseling and mental health services, and family and community-services careers. Content for Practicum in Human Services is designed to meet the occupational preparation needs and interests of students and should be based upon the knowledge and skills selected from two or more courses in a coherent sequence in the human services cluster

Extended Practicum in Human Services

Prerequisite: A. Grades 11-12

Credit: One (state)

B. A coherent sequence of career and technical education courses in the Human Services Career Cluster

C. Corequisite: Practicum in Human Services

The practicum course is a paid or unpaid capstone experience for students participating in a coherent sequence of career and technical education courses in the Human Services Career Cluster.
