

Parents and families,

Alief ISD, in partnership with the Children’s Learning Institute from UTHealth, has brought the Texas School Ready program to daycares in our area. The daycares participating in this partnership are receiving coaching in their class, instructional materials, more than 50 hours of professional development, and an assessment program completely free. Last year we worked with the three and four year old classrooms, and this year we will be offering engage accounts and self-paced professional development to the infant and toddler teachers. You can find more information about this program at <http://texasschoolready.org/recruitment> The following is a list of daycares currently participating in this opportunity.
