

Hello,

My name is Ms. Mary Bea Garza. I have been with Elsik since 2010. My role as the Counselor-CTE is to educate and guide our students while in high school on the many CTE Career programs and courses that Elsik offers to our students. As a result, students will learn specific skillsets that will help them proceed throughout their life with options that will improve their employability and success.

When students have a plan, it adds relevance to their daily education while increasing their motivation and attendance.

Ms. Mary Bea Garza  
Counselor-CTE  
281-498-8110 Ext. 26109
