

Elsik High School

School-Parent Compact

2020-21

The goal of the Elsik High School Compact is to communicate a common understanding of home and school responsibilities to assure that every student meets standards of the academic expectations in an environment where all students are connected to learning. The school will establish an atmosphere of leadership. This includes maintaining an open two-way communication with parents. Translators are available upon request. Lastly, the school will maintain a parent center that is open five days a week so that parents may volunteer.
