

ADA Restroom Upgrades

<u>Project Name</u>	<u>Project Budget</u>	<u>Architect/Engineer</u>
ADA Restroom Upgrades	\$1,335,600	STOA Architects

This project includes additional restrooms to ensure that each campus facility has at least one accessible restroom for staff, students, clinic and Special Education. Modifications will be made at 26 existing campuses. The project is designed as a two part project with Phase 1 including the completion of 9 facilities and Phase 2 the remaining 18 facilities. Competitive sealed proposals were presented to the Board for consideration in April, 2018 and Nash Industries were awarded the project for Phase 1. M Scott was awarded Phase 2 part of the project
