We know that 2020-2021 school year has been trying in the midst of the COVID-19 pandemic; therefore, it is extremely important that the home/school connection is solid. Together we can help our students be successful and overcome any challenges they may face. It is important that parents of face2face students as well as parents of virtual students attend this meeting.

January marks the midway point in the school year which is a critical time as it relates to student progress. During IMPACT night, we will discuss how parents can stay “in the know” about their child’s progress, and what is happening in each class. We will also help parents understand the grading system/policy as well as promotion and retention policy and share how students can receive additional support if they are struggling. During this session, parents can request a parent conference with their child’s teachers as well.

There will be drawings during the course of the meeting including three \$50 Gift Cards. You must be in attendance to win!

Prior to joining the meeting, please ensure that you are in a quiet area/location where you can give the meeting your full attention without distractions. Also, please ensure your background which can be shared via video is suitable and appropriate for meeting with other participants.

Students who are face2face will receive a FREE DRESS PASS if their parents are in attendance to the meeting. There will be additional incentives given to virtual students whose parents are in attendance. Virtual students should read their teachers Schoology pages to find out more about the individual incentives given by each of their teachers.

If you have questions, please contact the school at 281.983.8433.

Sincerely,

Ms. Beckley, Principal
