

College and Career and Military Prep Listening Tour

The Texas Education Agency is excited to announce that the College and Career and Military Preparation (CCMP) Division will be conducting a statewide listening tour to receive parent feedback about the development of statewide goals and guidelines for a variety of programs that help connect high school to career and college, and ensure all students are prepared for success. In particular, the team will be looking for input on Science, Technology, Engineering, and Math (STEM) Education, Work-Based Learning opportunities across grade levels, and the new state plan for the Strengthening Career and Technical Education for the 21st Century Act.

Why:

The TEA is looking to increase access to high-quality college and career preparatory programming for all students in Texas. In order to do this, the TEA is looking to gather feedback from regions across the state on what is working well and where additional support and guidance is needed. Parents are an essential voice in the development of education policy and practice and thus the TEA would like to invite parents to join a discussion with TEA staff around current and future educational experiences.

Where:

All meetings will be held at the Regional Education Service Center:

Region 4 Education Service Center
7200 Northwest 100 Drive
Houston, TX 77092

When:

The face-to-face parent meeting in your region will be [April 29, 2019](#) from 6:30 PM - 7:30 PM. A staff member will be at the front door to greet you.
