

Alief ISD
AHERA Management Plan
Annual Notification 2015

This notice is written to comply with the annual notification requirements of 40 CFR 763 Subpart E, known as the Asbestos Hazards Emergency Response Act (AHERA) regulations. Alief ISD has an ongoing program to manage the risks associated with asbestos-containing building materials and to ensure the safety of all building occupants, workers, staff, students and visitors.

The program requires written management plans for each school and school facility. The District Management Plan and the individual school plans are available for inspection in the Business Office of the Alief ISD Administration Building, located at 4250 Cook Road, Houston, Texas 77072. Individual school and school facility reports are also available for inspection in the administration office of each school.

During the last school year, abatement projects were conducted at Smith, Mahanay and Hearne Elementary Schools in preparation for HVAC renovations. Floor tile and/or mastic abatement projects were conducted at Hastings High School, Maintenance Center, Smith Elementary School, the Transportation Center and Transportation Building 3. The work was performed according to all federal and state requirements.
