

Parent Involvement Policy
Elsik High School
2017-2018
Statement of Purpose

A strong partnership between the school and home is essential in providing the students of Elsik High School a quality education. Elsik High School is dedicated to the philosophy that parent involvement is integral to the success of our school and its students. Our goal is to work hand in hand with parents toward the academic success and the social and emotional well-being of the student through communication, input and training. Each parent is encouraged to take an active role in the education and success of their students.

Parent Involvement in Developing Policy

Elsik High School's Decision-Making Committee (SDC) plays an essential part of our goal in creating policy and evaluating progress. The SDC is comprised of teachers, parents, community, and administration members. Elsik High School will actively recruit volunteers for the SDC by publicizing in a variety of ways. Committee selections will produce a diverse group of stakeholders that represent an array of student populations served by the campus. Meetings will be planned at convenient times and locations for all concerned parties. During these monthly meetings, the committee will engage in ongoing planning, review, development and continued improvement of the policy, compact and Campus Action Plan based on campus diverse needs.
