

September 23, 2019

Dear Alief ISD Staff,

As I have mentioned in previous communications, November 5th is Election Day across Texas and like many communities, voters across our area will have an opportunity to cast a vote on issues that are important to everyone. In my many years as a superintendent, I have always attempt to encourage every Alief ISD employee to be an informed voter. I realize non-presidential and non-gubernatorial election years are not nearly as intense and exciting. However, the elections coming up this November will potentially be more impactful to each person than the more popular presidential elections. Regardless of the election being held, my goal is for each of you to be registered to vote and to be familiar with either the candidates or the issues on the ballot. Whether it be a presidential election, statewide election or a local election, I would like to see each of us exercise our sacred right to vote.

In addition to the City Council, Mayoral and Trustee races, this election also features several statewide propositions. Please take a moment to click this link and learn more about those [Propositions](#). I highly encourage you to read through the proposition and be familiar with the language for each one so you are able to make an informed decision while voting.

An important reminder regarding the November 5th election is the last day to register to vote is October 7. If you have not registered to vote you may attend a voter registration drive in our Administration Building from 2:00-5:00 p.m. on October 3 or click one of the links below. You may also get all your updated election information at Alief Votes by clicking here [Alief Votes](#).

Early voting for this election begins October 21 and continues until November 1. We are once again participating in a social media challenge to encourage voter participation during this election. If we have 1,000 or more selfies from employees who have voted posted on Facebook, Twitter or Instagram from October 21 through November 5, I will allow employees to wear “jeans” as we approach the winter months. More details are coming on this issue.

Once again, my desire is for each of you to be an informed voter and exercise your right to vote.

See you around,

HD Chambers
Superintendent
