Re: Houston Chronicle

Effective September 1, 2012 the subscription price for employees subscribing to the Houston Chronicle through ISD Payroll Deduction Program will increase to \$20.00 per month. This is still a significant discount off the standard newsstand price.

The program remains a great opportunity for all employees to save money and, at the same time, support our school district. The Houston Chronicle will continue to provide the school district \$1.25 per program subscription each month for each enrolled employee.

If you have any questions please contact the Payroll Department.
