

Alief ISD Staff,

I hope you all had a very restful and healthy winter break and are ready to conquer 2022!

As you may recall, in this past election cycle, we ran our “Jeans in January” voting contest to see if we could get 1,000 or more selfies posted to social media from employees and community members who voted. The reward was that employees would be allowed to wear jeans for the entire month of January.

Well, unfortunately we did not reach our goal. And although we did not quite make 1,000 “I voted” selfies on social media, I also do recognize that this school year has been rather challenging for us all.

Therefore, I would like to offer all staff across the district “Jeans in January, Just for Joy.” I hope this little token brightens each of your days as you work tirelessly to support the amazing students in Alief ISD.

All the best,

HD Chambers
Superintendent
Alief ISD
