UNDERSTANDING MCKINNEY-VENTO

McKinney-Vento Definition of “Homeless”

Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act (Title X, Part C, of the No Child Left Behind Act) defines "homeless" as follows:

The term "homeless children and youths"—

(A) means individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103(a) (1)); and

(B) includes—

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103(a)(2)(C));

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

(iv) migratory children (as such term is defined in section 1309 of the Elementary and Secondary Education Act of 1965) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

Definition provided by National Center for Homeless Education Requirements for Schools

UNDERSTANDING YOUR RIGHTS

The McKinney-Vento Act provides certain rights for homeless students. They include waiving certain requirements such as proof of residency when students are enrolling and allowing categorical eligibility for certain services, such as free textbooks. The Act also states:

- Homeless students may attend their school of origin or the school where they are temporarily residing;
- Homeless students must be provided a written statement of their rights when they enroll and at least two times per year;
- Homeless students may enroll without school, medical, or similar records;
- Homeless students have a right to transportation to school;
- Students must be provided a statement explaining why they are denied any service or enrollment;
- Students must receive services, such as transportation, while disputes are being settled;
- Students are automatically eligible for Title I services;
- School districts must reserve a portion of Title IA funds to serve homeless students;
- School districts must review and revise policies that provide barriers to homeless students;
- Schools must post information in the community regarding the rights of homeless students, in schools and other places that homeless families may frequent; and
- School districts must identify a McKinney-Vento Liaison to assist students.
